

What's Up?

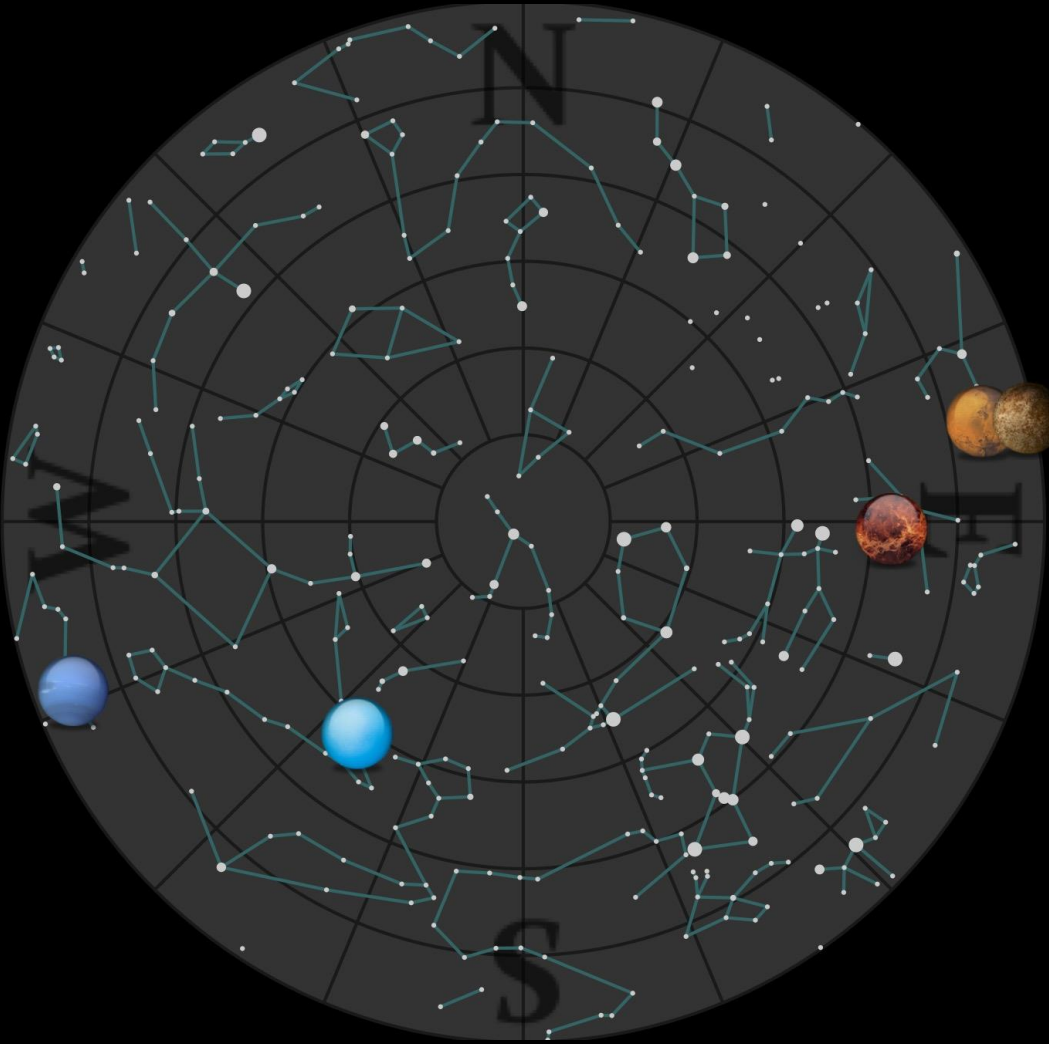

2017 October 23 to November 27

Bill Barton, FRAS

•The Sky 22:00
Tonight

•The Sky 06:00
Tomorrow Morning

Inner Solar System

- Sun
 - Declination decreasing (equinox on September 22), in Gemini moving to Cancer
- Mercury
 - In the evening sky throughout this period, in Gemini then Leo
 - Maximum elongation on November 24 (22°)
 - Brightness & phase decreasing, size increasing
- Venus
 - In morning sky, in Aries then Orion
 - Elongation decreasing, phase increasing
 - Conjunction with the Sun on January 9

Earth

- Moon
 - First Quarter, 27 & November 26
 - Full, November 4 (Frost Moon)
 - Last Quarter, 10
 - New, 18
- Eclipses
 - None this period
- Meteors
 - Orionid stream active, November 15-30, ZHR = 20

Lunar Occultations

- One notable event this period
 - α Tauri (Aldebaran)
 - November 6, 02:39, bright limb disappearance
 - November 6, 03:24, dark limb reappearance

Outer Solar System

- Mars
 - Conjunction with the Sun (far side) was on July 27
 - In morning sky moving away from the Sun
- Jupiter
 - Conjunction with the Sun (far side) on October 26
 - Then in morning sky moving away from the Sun
- Saturn
 - South at Sun set, in Ophiuchus
 - Conjunction with the Sun (far side) on December 21
- Uranus
 - Opposition was on October 19

Society Events

- Wednesday October 25
 - Field Trip to observe Grazing Occultation of V4190 Sagittarii
- Mondays November 13 & 27
 - NOGS, Newbourne Village Hall, 7:00pm.
- Friday November 17
 - Lecture Meeting, Methodist Chrch Hall, Black Horse Lane, Ipswich, 8:00pm, Steve Hubbard & Malcolm Brown
"Talk with ET. We think not!"

Other Events I

- DASH
 - International Observe the Moon Night, Saturday October 28, 7:30pm, Westleton Village Hall.
 - Discussion Meeting, Saturday November 11, 7:30pm, Westleton Village Hall, Paul Webb 'Beginners Equipment' & 'Ask the Panel'.
 - Observing Meeting, Saturday November 18, 7:30pm, Westleton Heath.
 - 'Family Moon Night', Saturday November 25, 5:00pm onwards, National Trust, Dunwich.
- LYRA
 - Observing Meeting, Tuesday October 24, 7:30pm, Barn Car Park, Coach House Hotel, Oulton
 - Lecture Meeting, Tuesday November 14, Coach House Room, Parkhill Hotel, Oulton, Nikku Madhusudhan, 'Exo Planets'.

Other Events II

- Athenæum Astronomical Association
 - Star Party, Nowton Park, Friday 27 and Saturday 28 October from 7:00pm.
 - Observing Meeting, Nowton Park, Thursday 9 and 23 November from 7:30pm.
